

Your professional
School, Sports, and Dance
Photographer since 1978!

RETAKE BASICS

Need a Retake? We will re-print your package.

1. Return the original picture package to the Cahill Studios photographer on retake day.
2. Please include a note indicating what you did not like about the picture, so the photographer may correct it.
3. For students 5th grade and younger, please inform the child's teacher so they can bring the student to the photographer.

Missed First Picture Day?

1. Your child can still get their picture taken, and if you have not ordered, you can use the link below! *If you already pre-ordered, you do not have to place another order*

****Please make sure you select the correct school building, correct picture day, and place separate orders for each child. Ordering under the wrong gallery or multiple children for one order will cause significant delay in receiving your photos. Students are required to have their photo taken at the building where they attend school. The pre-order gallery will be open for 2 business days after picture day. Please note you may receive additional ordering information even if you already placed an order. Photos will not be available for viewing until 10-14 business days after picture day. The free social media image will also not be delivered until 10-14 business days after picture day to your email as a downloadable link****
